

## Product Specification

Product Name:	Myco-Power
Product Number:	5045
Product Description:	A concentrated source of mannose oligosaccharides derived from the cell wall of the yeast <i>Saccharomyces cerevisiae</i> for use in animal feeds as a mycotoxin binder.
Ingredients:	Condensed molasses fermentation solubles (MOS), sodium bentonite
Odor and Appearance:	Tan colored, free-flowing powder with little to no odor
Packaging:	25 kg bags
Directions For Use:	Add at the rate of 500 – 3000 grams per ton of animal feed. The amount of molds and mycotoxins in the feed should be considered when determining the usage rate.
Safety:	All ingredients are Generally Recognized As Safe by the United States Food and Drug Administration. There are no adverse effect, interactions or contraindications with the product. No withdrawal time is required.
Storage and Shelf Life:	Three (3) years from manufacture date; store in a cool, dry area. Keep container closed when not in use.
