

Product Specification

Product Name:	Pro-Tox
Product Number:	5080
Product Description:	A concentrated source of mannose oligosaccharides derived from the cell wall of yeast <i>Saccharomyces cerevisiae</i> , hydrated sodium calcium aluminosilicate, and the natural humates, humic and fulvic acids, for use in animals as a mycotoxin binder
Ingredients:	Condensed molasses fermentation solubles (MOS), hydrated sodium calcium aluminosilicate, dried aged peat moss (humic and fulvic acids)
Odor and Appearance:	Dark grey to black, free-flowing powder with a slight yeast odor.
Packaging:	20/25 kg bags
Directions For Use:	Administer at the rate of 1.0 – 3.0 kg per ton of animal feed to assist in the control of mycotoxins. The amount of molds and mycotoxins in the feed should be considered when determining the addition rate.
Safety:	All ingredients are Generally Recognized As Safe by the United States Food and Drug Administration. There are no adverse effect, interactions or contraindications with the product. No withdrawal time is required.
Storage and Shelf Life:	Three (3) years from manufacture date; store in a cool, dry area. Keep container closed when not in use.
